Persistent cookies help with personalizing your experience, remembering your preferences, and supporting security features. Additionally, persistent cookies allow us to bring you advertising both on and off the Site. Persistent cookies may remain on your device for extended periods of time, and generally may be controlled through your browser settings. For more detailed information regarding our use of cookies, please review our Cookie Policy.

There are various types of pixels, including image pixels (which are small graphic images) and JavaScript pixels (which contains JavaScript code). When you access a website, video, e-mail, or advertisement that contains a pixel, the pixel may permit us or a third party to drop or read cookies on your browser. Pixels are used in combination with cookies to track activity by a particular browser on a particular device. We may incorporate pixels from third parties that allow us track our conversions, bring you advertising both on and off the Site, and provide you with additional functionality, such as the ability to connect our Site with your social media account.

Location data may be used for purposes such as verifying your device's location and delivering or restricting relevant content and advertising based on that location.
